MURAL PAINTINGS
OF THE
BOMBAY SCHOOL

By

W. E. GLADSTONE SOLOMON, I.E.S.

(Director, Sir J. J. School of Art, Bombay.)

An exceptionally beautiful production, containing descriptive narratives of the School's work up to the completion of the Mural Paintings commissioned for New Delhi by the Government of India which gave opportunity for the publication of this excellent work.

Thirty full-page illustrations, some of which are in full colours, reproductions of the original Mural Paintings, prepared by the Bombay School of Art, which form part of the beautiful decorations of New Delhi.

Brief studies of Indian decorative influences in the past which give a slight sketch of their effect to-day in Bombay, and the following articles: "The Moghul Message of Beauty," "The Indian Art Renaissance," "Drawing the Rangoli at Diwali," and "Scenes at a Hindu Wedding in Bombay."

JUST OUT!

Another fascinating Book by the well-known author of "Indian Cavalry Standards."

"INDIAN INFANTRY COLOURS"

by

CAPTAIN H. BULLOCK, F. R. Hist. S., I. A.

(The only book existing on the subject)

In a masterful research the author deals with a little-known subject, weaving an interesting and indeed fascinating narrative around the colours carried by Indian Infantry Regiments.

In fact this is the only book yet published dealing exclusively with this subject.

The scope of this book is immense and it is almost with relief, and most certainly with pleasure, that one wanders through the India of 100 years ago as page follows page in the colourful narrative.

Illustrations and Plates add emphasis to the reading matter, and the Frontispiece in colours prepares one for the absorbing literature which follows it.

In short here is a work of merit which interests both expert and layman.

It makes an *Ideal* Present for an Indian Army officer.

Price Rs. 15 V.P.P. Rs 15-10.

THE INDIAN YEAR BOOK 1932.

EDITED BY SIR STANLEY REED, K.B.E., LL.D.
AND S. T. SHEPPARD.

The Whitaker of the Indian Empire. An authoritative reference book on all Indian matters.

SOME PRESS OPINIONS OF THE 1930 EDITION.

"It is impossible in short space to indicate the diversity of subjects here treated. Indexing is excellent enabling the enquirer to turn quickly to any aspect of Indian life upon which he requires information."
—*Statesman* (*Calcutta*).

"Whatever other books might be read with a view to a clear grasp of the essentials of the various problems of administration and Government in India this must be studied."—*Jame-e-Jamshed* (*Bombay*).

"It would be difficult to imagine any items of knowledge about India which could not be found in this book."—*The Rangoon Times*.

"As a book of reference it is unbeatable."
—*The Punjab Law Reporter* (*Lahore*).

"With the emergence of the Indian Problem as an urgent Imperial issue, this book cannot be ignored."—*North China Sunday News* (*Shanghai*).

"The work, indeed, claims to be 'a compact and comprehensive reference book of reliable information about the Indian Empire and its peoples.' When it is remembered that the area of the Indian Empire is over 18,00,000 square miles, and that its population numbers 31,50,00,000 this may seem rather an exaggerated claim, but a glance through the pages of the "Year Book" is sufficient to suggest that it is rather an under-estimate than an over-estimate of the value of its contents".—*The Manchester Guardian*.

"To the Banker, Commercial Man and Politician alike this book is an indispensable aid."—*The Financial News* (*London*).

"Model of clear and dispassionate statement of events, programmes and policies a sound and impartial guide to Indian questions of the day as well as fulfilling the more obvious requirements of a book of reference."
—*The Times* (*London*).

"The inquirer can find all that he is likely to require to know about Indian matters in one handy volume up-to-date the book is indispensable to all who are in any way interested in Indian affairs."
—*The Morning Post*.

"All who have anything to do with India in one form or another will find this book a good adviser."—*Orientalistische Literaturzeitung* (*Germany*).

"Its mine of information has unusual value most comprehensive yet produced."—*The Boston Globe, Boston, U.S.A.*

"Of value to whoever would be acquainted with the outstanding facts, historical, political, commercial and social of the country whose peoples constitute the greatest aggregation of population under one ordered rule in the world."—*The Gazette, Montreal, Canada*.

"Information impossible to find in any other hundred books about India."
—*The Spectator* (*London*).

PUBLIC SOCIETIES AND INSTITUTIONS.

EDUCATIONAL.

UNIVERSITY OF BOMBAY.

Incorporated under Act XXII of 1857 (subsequently amended by Act VIII of 1904 and by Act IV of 1928 with all its subsequent amendments).

The Senate meets ordinarily once a year, on the last Saturday in January and at other times when convened by the Vice-Chancellor. A meeting of the Senate can be convened on the requisition of any twenty of the Fellows to the Vice-Chancellor. Twenty members of the Senate form a quorum; and all questions are decided by a majority of the votes of the members present, the Chairman, when the numbers are equal, having a second or casting vote. There are four Faculties, *viz.*, Arts, Science, Law and Medicine. A member of the Senate may be assigned, on the recommendation of the Syndicate, to one or more Faculties. Each Faculty elects its own Dean.

The Executive Government of the University is vested in a Syndicate consisting of the Vice-Chancellor as Chairman, the Director of Public Instruction and sixteen Fellows, who are elected for three years by the Academic Council and the Senate in the proportion of 7 : 9.

On the occupation of the Deccan by the British Government in 1818, it was found that a certain portion of the revenue of the Maratha State had been yearly set apart for pensions and presents to Brahmins (Dakshina). To prevent hardship and disappointment, and to fulfil the implied obligations of the new rulers, the British Government continued these payments; but as the pensions and allowances fell in, they resolved, while maintaining the same total expenditure under the name of the Dakshina Fund, to devote a portion of it to a more permanently useful end. With this view the Poona College was founded in 1821 as a Sanskrit College, exclusively for Brahmans. In 1837 some branches of Hindu learning were dropped, the study of the vernacular and of English was introduced, and the College was opened to all classes. From another portion of the Dakshina Fund, Dakshina Fellowships have been founded, of which six are attached to this College. In 1863 Sir Jamsetji Jejeebhoy, Bart., offered to Government a lakh of rupees to provide suitable buildings for the Deccan College. These buildings were first occupied in March 1868, when the Government directed that the name of the College should be changed from *Poona* to *Deccan* College.

Elphinstone College arose by a separation in the year 1856 of the professorial element from the "Elphinstone Institution," which henceforth became a high school. The Elphinstone Institution had its origin in an English School established by the Bombay Native Education Society in 1824. A meeting of the Society was held on the 22nd August 1827 to consider the most appropriate method of testifying the affectionate and respectful sentiments of the inhabitants of Bombay to the Hon'ble Mountstuart Elphinstone on his resignation of the Governorship of Bombay. The result of this meeting was that a sum of money, amounting to Rs. 2,29,656, was collected by public subscription towards the endowment of Professorships for teaching the English language and the Arts, Sciences, and Literature of Europe, to be denominated "The Elphinstone Professorships." This sum afterwards accumulated to Rs. 4,43,901, and the interest of it is augmented by an annual subscription from Government. Mr. Cowasji Jehangir Readymoney presented Government with Rs. 2,00,000 towards erecting suitable college buildings at Parel for Elphinstone College. These buildings were opened on the 26th February 1871 and continued to be occupied by the College until April 1888, when the College was transferred from Parel to the new buildings erected on Esplanade Road, Fort.

The following endowments are connected with Elphinstone College :—

GUJARAT COLLEGE, AHMEDABAD.

In 1878 when Sir Richard Temple was Governor, Government announced that a College on a moderate scale could be started at an annual cost of Rs. 16,000, provided the citizens of Ahmedabad could contribute half this sum annually. The Municipality of Ahmedabad promised to contribute Rs. 3,000 per annum to make up the deficiency until the Endowment Fund was raised to Rs. 2,00,000. The College was re-opened in March 1879, and was affiliated to the University of Bombay up to the "First Arts Examination" which corresponded to our present Intermediate Arts Standard. The number of students which had risen to 39 in March 1880, dwindled to 7 only in November 1882, because the College did not teach the full University Course, and students found it more profitable to go to Bombay for their full undergraduate course. Leading citizens of Ahmedabad submitted a Memorial to the Educational Commission appointed by the Government of India which visited the city in November 1882. In the meanwhile the funds of the College through the energy of its citizens were raised to Rs. 2,00,000. Government accordingly undertook the management of the College from 1884, appointed a Staff for that purpose and held the College classes in a separate building. In that year the University of Bombay recognised the College up to the B.A. Examination. In 1887 Government handed over the institution to the Society for the Promotion of Higher Education in Gujarat. The administration of the College was assigned to a Board composed of Government Officials and representatives of the Society and the Municipality.

In 1898 the College was given 30 acres of land on its present site on the Ellis Bridge area. The cost of the new buildings was Rs. 1,92,327 of which Rs. 85,097 were contributed by Government. On the 16th of July 1912, the Society for the Promotion of Higher Education in Gujarat having dissolved itself the College was finally handed back to Government.

To assist Government to assume full and effective control of the College Sir Chinubhai Madhavlal, Baronet, C.I.E., gave the munificent donation of Rupees two lakhs for the Arts College, Rupees six lakhs for the Science Institution in the College. The Madhavlal Ranchhodlal Science Institute was inaugurated in 1912 by H. E. Lord Sydenham (then Sir George Clarke). Sir Chinubhai also donated Rs. 1,50,000 for the provision of a Library, which was named after Lord Sydenham as "The Sydenham Library" and a college hall designated "King George V Hall" to commemorate the visit of Their Majesties to India in 1911.

ISRAELITE HIGH SCHOOL—Mazagaon, Bombay.

The Israelite School was first opened on a small scale in 1875 for the education of Bene-Israel children. The school was subsequently enlarged in 1881 mainly through the efforts of the late Mr. Haeem Samuel Kehimker, who worked for the school for over 25 years in his capacity as the Hon. President, Secretary and Treasurer. In 1898 the present spacious building of the school with its large playground was purchased for Rs. 80,000 collected from Government, the Anglo-Jewish Association, London, and generoous members of the public from Europe and India.

In the year 1908 the school passed from the hands of the late Mr. Haeem Samuel Kehimker into those of a Managing Committee, consisting of 11 members, of which 3 are nominated by the Anglo-Jewish Association, London, 6 are elected by Subscribers to the school and 2 are co-opted by the nominated and elected members according to a constitution approved by the Anglo-Jewish Association.

The Principal object of this school is to impart both secular and religious instruction of which Bene-Israel students cannot take advantage in the non-Jewish schools in Bombay. The school imparts both primary and secondary education preparing students for the Matriculation Examinations of the Bombay University.

The fees charged in the school are extremely moderate and girls are taught free throughout except in the High School Department where they are charged only half fees. This is one of the few schools in Bombay, which are carried on on co-educational lines for both boys and girls.

With a view to enable the children of poor parents to prosecute their studies in the school the late Mr. Herman Landau, O.B.E., a philanthropic gentleman of London, placed in the year 1919, with Messrs. David Sassoon & Co. of Bombay, a sum of Rs. 10,000 at 5½ per cent. interest. The interest on this sum is to be utilised in giving scholarships every year to the school children. Five of these scholarships are specially reserved for girls. The school also makes arrangements for providing books and clothing to the children of poor Jewish parents.

KARNATAK COLLEGE, DHARWAR.

(Affiliated to the University of Bombay in 1917.)

Even before the year 1900 the question of starting an Arts College for the Karnatak was brought to the notice of the Government of Bombay, but the first formal reference was made to the subject in 1902 by Mr. E. Giles, Director of Public Instruction. The matter was again put forward by the Dharwar Municipality in 1904 in an address to Lord Lamington and, finally, was brought up in the Legislative Council in September 1912 by the Honourable Rao Bahadur S. K. Rodda. The Council passed a resolution "That the Governor in Council may be pleased to consider the Establishment of an Arts College in Dharwar." In August 1915 the University Senate passed unanimously a resolution in favour of the scheme and Government agreed to assist the project, provided a sufficient sum were collected to create the presumption that there was an insistent demand for a college in the Southern Division. A sum of one lakh of rupees was thereupon collected from the non-Lingayat population by Rao Bahadur S. K. Rodda and an equal sum was contributed by Rao Bahadur R. C. Artal on behalf of the Lingayat Community. Government then proceeded to organize as a temporary measure, a second grade College for 200 students which was affiliated for 3 years in June, 1917. It was subsequently decided to take over the Central Offices of the M. & S. M. Ry. and to convert them into a first grade College. The Senate sanctioned the scheme and the new buildings were formally opened by His Excellency Sir G. A. Lloyd on 15th July 1920. Subsequently the College was affiliated for the teaching of Science up to the Inter standard and the Dharwar Recruiting Fund Committee made a generous donation of Rs. 34,000 towards the initial expenses. On 29th June 1925, the Mr. B. V. Jadhav, Minister of Education, declared the new Science Institute open.

SYDENHAM COLLEGE OF COMMERCE AND ECONOMICS.

Near Sir J. J. School of Art, Hornby Road.

The general purpose of this College—which was opened in October 1913—is to furnish young men embarking on a business life with an education of a University standard in subjects that are bound to be of primary interest and importance to them in their careers.

The College was founded on the model of the great and rapidly developing institutions of a similar type in England, the Continent of Europe, and America, which have done so much to deepen and widen the understanding of industrial and commercial matters in the countries where they have been established.

As a College of "Commerce," it aims at training a class of Indian business men capable of ultimately rising, after the acquisition of practical experience, to the higher and more responsible positions in enterprise of every kind, by virtue of expert knowledge, breadth of outlook, organizing capacity, and force of character.

As a college of "Economics" it aims at providing a liberal education in all branches of social science likely to be helpful to any one concerned with public affairs, whether as an administrator, a writer, or a teacher.

The College accordingly offers—

(*a*) An obligatory *General* course in subjects, an acquaintance with which is required by every well informed business man, *e.g.*, Economic Theory, Industrial History, Commercial Geography, Foreign Trade, National Administration, Public Finance, Indian Currency and Banking, Statistics, Mercantile Law, Business Organization.

(*b*) Optional courses in *Special* subjects, which are selected by students in accordance with the particular demands of their intended vocation, *e.g.*, Banking, Accounting, Actuarial Science, the organization of the Cotton Trade and the Economics of Transport.

The College is affiliated to the University of Bombay, and provides a systematic course of study leading to the degree of Bachelor of a Commerce. Under the system of inter collegiate lectures, it provides the courses in economics required by M. A. candidates. It offers facilities under trained investigators for postgraduate research in connection with the many problems of Indian economics development, past, present and future. There are evening classes to prepare candidates for the examination of the Accountancy Diploma Board, and also other single courses at low fees on selected subjects including shorthand, for the benefit of those engaged in business during the day. The Diploma in Accountancy, which will in future be a qualification for an Auditor's License, will be awarded both to successful candidates at the examination of the Accountancy Diploma Board and to Bachelors of Commerce how have taken "Advanced Accounting and Auditing" as their special subject at this College, after they have received adequate practical training for a period of three years under a recognised practising Accountant. This College has its own Hostel, Cricket Ground and Tennis Court.

TALUKDARI GIRASIA SCHOOL—Wadhwan.

This School was founded by the late Colonel E. V. Stace, C.B., and opened by the late Colonel H. L. Nutt in June 1881. It is intended for the sons of Talukdars and Girasias whose means do not admit of their being sent to the Rajkumar College at Rajkot. The boys are prepared for the School-Leaving Examination, and particular attention is paid to their physical and moral training. Three pupils of this school were admitted into the Imperial Cadet Corps. The staff consists of a European Principal, a Head Master, 6 Assistant Masters, and a Cricket Coach, who also takes the boys in physical drill. There are 48 students at present in the school. The Hon'ble the Agent to the Governor General, Western India States, is the Patron, and the Political Agent, Eastern Kathiawar Agency, the President of the Institution.

TILS—LANGUAGES.

(The Interpretative Languages School.)

Opp. main entrance, Taj Mahal Hotel, Bombay.

This Institution is conducted by a European Educationist with long attendance in the Universities of Paris, Madrid and Coimbra, assisted by many linguists of International experience teaching the 20 principal languages of the world.
It was started in the beginning of 1930 with the idea of filling a long felt want in this country, to supply the needs of students preparing for Examinations, Commercial people desiring to conduct business with foreign countries and persons going, or coming from, abroad, either for business, for studies or for pleasure.

Lessons are given both morning and evening to suit the convenience of the students, while special tuition is also given individually. Besides these classes the following courses are also available:

Oral and Postal Combined Tuition to suit people living in the suburbs and those who have not sufficient leisure.

Postal Courses for people in the Mofussil, Burma and Ceylon.

Commercial Courses, both Oral and Postal, for Commercial Correspondence and Business Conversation. This is undertaken by exports and is quite a special line.

This Institution overcomes the disadvantages of Correspondence Courses conducted from Europe or America in which the exchange of correspondence between student and school takes from forty to sixty days, during which time the student continues to make the same mistake which is in danger of becoming a bad habit; while with us it takes at the most 1 week only.

The training of students for School and University and development of serious taste in the study of Old and Modern Literature is also catered for.

An interesting innovation to be found only in this Institution in India is the teaching of adults, already knowing a little the language, by the latest method of conversational gatherings, which have more the aspect of social meetings than of school classes. At present there are two only: English and French, known respectively as The English Parlour and Paris-Causeries, which are largely attended and very successful.

A well equipped library is at the disposal of students.

A special feature is the Translation Department where responsible translations of Technical, Scientific, Commercial and Literary subjects are carried out from and into all the principal languages of the world. The work is very carefully done and delivered with the least possible delay.

BOMBAY NATURAL HISTORY SOCIETY—1883.

(Registered under Act XXI of 1860.)

Patrons—H. E. The Viceroy of India and H. R. H. Edward, Prince of Wales, K.G.

Office and Library, 6, Apollo Street, Bombay.

A Society formed for the purpose of promoting the study of Natural History in all its branches.

This Society was founded in 1883 by eight residents of Bombay (Dr. D. Macdonald, Mr. E. H. Aitken, Col. Swinhoe, Mr. J. C. Anderson, Mr. J. Johnston, Dr. Atmaram, Dr. Maconochie and Dr. Sakaram Arjun) for the purpose of exchanging notes and observations on zoology and exhibiting interesting specimens of animal life. The first few meetings of the Society were held in the Victoria and Albert Museum, at Byculla. but in 1884 Mr. H. M. Phipson, who had then joined the Society, offered the use of a room in his Office in the Fort, which resulted in a greatly increased membership and better attendance at the Meetings. To this room, which was situated in 18, Forbes Street Mr. Phipson added the use of others, which continued to serve as the headquarters of the Society until December 1885, when the present more suitable premises at 6, Apollo Street, were obtained. In January 1886, the Society issued the first number of its now well-known Journal.

The Society possesses a valuable reference library containing over 1,000 volumes and good reference collections of birds, snakes, lizards, small mammals, insects, marine and land shells, fishes, birds, eggs and a herbarium. It also owns a fine collection of horns, heads and skulls of the larger Indian Mammalia. The collections are practically limited to the Oriental Region.

In 1921 the Society was entrusted with the management of the Natural History Section of the Prince of Wales Museum, and a great part of the Society's collections, trophies and natural history specimens, other than the reference ones have been transferred to that Museum. These Exhibits are under the management of a Sub-Committee of three Trustees, two of which are appointed by the Society and the third by the Board of Trustees of the Prince of Wales' Museum.

The Society's reference collections continue to be maintained for the benefit of members and accredited students at the Society's rooms in Apollo Street.

The Society for several years conducted a survey of the Mammal Fauna of India and Burma. Over a lakh of Rupees was spent on this work and over 20,000 specimens have been examined and classified at the British Museum. This work has enabled the Secretary of State to authorize the publication of a new and completely revised edition of the volume on Mammals in the Fauna of British India Series.

The Society is at present conducting a Scientific Survey of the Eastern Ghats of India. Very little is known about the Zoology of the extensive region which is practically a virgin field to Indian Naturalists. The Survey is being financed by Mr. A. S. Vernay, one of the Societies' Vice-Patrons.

Annual subscription Rs. 25, which includes the Society's Journal. The Society number about 1,500 members but more are desired.

The Journal is published four times a year and contains articles on different Natural History subjects as well as descriptions on new species, and local lists of different orders. In the more recent numbers, serial articles on Game Birds, Familiar Flowering Trees and general articles on Sport and Big Game Shooting have been appearing.

In 1928 the Society was registered under the Societies Registration Act of 1860. Under the Articles of Association the control and management of the Society was vested in an Executive Committee comprised of ten members of the Society resident in or within 200 miles of Bombay, which is assisted in an advisory capacity by an Advisory Committee composed of ten members residing outside the area.

BRITISH AND FOREIGN BIBLE SOCIETY (BOMBAY AUXILIARY).

Bible House, 170, Hornby Road, Bombay.

This Auxiliary of the British and Foreign Bible Society was founded on June 13, 1813, under the auspices of the Governor of Bombay, Sir Evan Nepean, who was a Vice-President of the Society in London. Its one aim and object is to circulate the Holy Scriptures, without note or comment, throughout Western India. Its first Hony. Secretary was the Rev. Thos. Carr, D.D., who became the first Bishop of Bombay. He continued his services to the Auxiliary as President for a long period. The stocks of Scriptures in English, French, Dutch, Portuguese, etc., were stored in the Vestry of St. Thomas Cathedral for many years and the monthly meetings of Committee were held there regularly. Soon after the Auxilary was founded, the translation of the Bible into Marathi and Gujarati, the two chief languages of Western India, was begun. It may also be stated that the correspondence of the Bombay Auxiliary Committee at that time with Government led to the foundation of the Bombay Education Society and the Byculla Education Society which in their turn, gave rise to the Native Education Society. The translation of the Gujarati Bible was completed in 1823 while the first Marathi Bible was published in 1847. During 117 years of effort in Bombay Presidency, 6½ million copies of the Holy Scripture were circulated, chiefly by sale, at rates very much lower than cost price. Besides the translation, revision, publication and ordinary means of the dissemination of the Bible large grants of money are made to missions throughout the area to extend colportage. All the Missionary Societies depend on the Bible Society solely for the Vernacular Scriptures, which are essential to them in their various departments of service. The Society entirely depends upon Christian people for help to carry on its beneficent work.

DIOCESE OF BOMBAY.

CHURCHES OF ENGLAND.

ST. THOMAS' CATHEDRAL—Bombay.

The first scheme for building a Church on the Island of Bombay originated in 1675, the English Services then being conducted in a Hall in the Castle. Money was collected, but though the Church was commenced, it never got higher than fifteen feet. In 1715 Chaplain Cobbe appealed to have this stigma removed, and on Christmas Day, 1718, the Church was opened with great rejoicings. For nearly one hundred years the Church was used before it was consecrated. In 1814, Bombay had been made an Archdeaconry of Calcutta, and on 7th January 1816 the Church was duly consecrated with all due solemnity by the Right Rev. Thomas Fanshaw Middleton, D.D. In 1837 Bombay was created a Bishopric, and 1838 on the arrival of Dr. Carr, the first Bishop, it was notified to be the Cathedral Church of the See, 1838, under the dedication of St. Thomas the Apostle. The present pinnacled tower was erected consisting of a lantern standing upon a square tower at its base, the whole rising 146 feet from ground level and containing a clock with three small quarter bells each suitably inscribed. The Silver Chalices are also of particular interest—one being the gift of Governor Gerald Aungier, whilst the other's history is bound up in mystery and is inscribed "The gift of the Greenland merchants of the Cities of York, 1632." In 1867-68 the present beautiful chancel and organ chamber were constructed, the first-stone being laid by Sir Bartle Frere.

CATHEDRAL ORGAN. The old organ was originally built by Messrs. Bishop & Sons of Ipswich and had the old, rather monotonous sweet tone associated with that class of organ.

In 1905 the instrument was entirely rebuilt, this work being carried out by Messrs Henry Willis & Sons, of London, two members of their Firm spending over a year in Bombay on the work. During that rebuilding, a full scale wooden 32 ft. Diapason stop was added to the pedals and higher wind-pressure was introduced to several of the stops.

In 1920 a new Discus blower by Messrs. Watkins & Watson was installed, replacing the old electric motor bellows in the tower. About the same time, owing to the generous gifts of a member of the congregation, there new stops were procured from Messrs. Willis & Son. of London, to replace there worn out ones. The stops were Trompette, Aceline, and the Voix Celeste. To accommodate the new Trompette a new sound board with swell box was fitted by Messrs. S. Rose & Co. of Bombay, and, in order to relieve the crowded condition of the old swell, the Vox Humana was placed in this swell box with the Trompette.

In 1928 the instrument was entirely renovated by Messrs. S. Rose & Co. when the old style pedal action and drawstop actions were replaced by more up-to date pneumatic systems. Several of the spedal tops were supplied with completely new sound boards.

The organ has three manuals and a large pedal organ. There are 42 speaking stops, 12 couplers and 13 composition pedals. The Choir Organ of 15 stops is divided, seven old stops being behind the great organ and 8, mostly solo stops, being in a separate swell box on a high platform above the swell.

The instrument has a beautiful tone and exactly suits the old Cathedral.

Last but not least is a musical ring of eight bells, the gift of Sir Charles Cayzer, which were dedicated on May 21st, 1904. An installation of electric lights and fans was made in September 1916. In 1920 a very handsome screen was erected on the East side of the Organ, by the Officers and men of the South Staffordshire Regiment, in memory of the men, who died while serving in Bombay 1917-19. In 1921 a Discus Electric Organ Blower was placed in the Church. In September 1923, a severe storm struck the steeple of the Church, and brought the Cross to the ground carrying away about 5 feet of masonry. In February 1924, a new Cast Iron Cross was erected by the Military Engineering Service. During April 1924, three cases for the colours of the XIII and XIX Bombay Native Infantry, and the XXIV Regiment were given and the colours encased for their safe preservation by Sir George Lloyd, G.C.I.E., D.S.O., Governor of Bombay. THEOSOPHICAL SOCIETY.

THE BLAVATSKY LODGE, Bombay.

THE THEOSOPHICAL SOCIETY was founded in New York by Mme, H. P. Blavatsky and Col. H. S. Olcott on 17th November 1875 and incorporated in Madras on 3rd April 1903, (having its Headquarters at Adyar, Madras). Col. H. S. Olcott was appointed President of the Society for life and since his death in 1907 Dr. Annie Besant has been elected President by three septennial elections. During its existence of 50 years the Society has spread its branches all over the world. It has 41 National Sections containing 1,571 Lodges. Its membership is about 41,645 of which about 5,000 members belong to the Indian Section (having Headquarters in Benares.)

The Blavatsky Lodge, French Bridge, Chowpaty, Bombay, which obtained its charter on 20th February 1880, and incorporated on 9th July 1906, was the first branch of the Society to be established in India. It has its own spacious building, a good library and a book-depot. F. J. Billia is its President and Bhugvandas Vithaldas its Hon. Secretary. The Lodge has about 250 members. There are eight other branches of the Society in Bombay and Suburbs bringing the total membership for Bombay to about 600.

The Theosophical Society is an unsectarian body of seekers after Truth, striving to serve humanity on spiritual lines, and therefore endeavouring to check materialism and revive religious tendency. Its three declared objects are :—To form a nucleus of the Universal Brotherhood of Humanity, without distinction of race, creed, sex, caste or colour. To encourage the study of comparative religion, philosophy and science. To investigate the unexplained laws of nature and the powers latent in man.

The Theosophical Society is composed of students, belonging to any religion in the world or to none, who are united by their approval of the above objects, by their wish to remove religious antagonisms and to draw together men of goodwill, whatsoever their religious opinions, and by their desire to study religious truths and share the results of their studies with others. Their bond of union is not the profession of a common belief, but a common search and aspiration for Truth. They hold that Truth should be sought by study, by reflection, by purity of life, by devotion to high ideals, and they regard Truth as a prize to be striven for, not as a dogma to be imposed by authority. They consider that belief should be the result of individual study. or institution, and not its antecedent, and should rest on knowledge, not on assertion. They extend tolerance to all, even to the intolerant, not as a privilege they bestow, but as a duty they perform and they seek to remove ignorance, not to punish it. They see every religion as an expression of the Divine wisdom and prefer its study to its condemnation and its practice to proselytism. Peace is their watchword, as Truth is their aim.

ADAMS-WYLIE MEMORIAL HOSPITAL, BOMBAY.

This Hospital for the poor, situated at Wylie Road, Gilder Street, New Lamington Road (Jacob Circle Post), was built and equipped by Mrs. Adams-Wylie, (now Mrs. Doughty-Wylie) in 1902 in memory of the late Lieut. C. H. B. Adams-Wylie I.M.S., who died at Bloemfontein in 1900. The Hospital was under the direct management and maintenance of Mrs. Adams-Wylie for some years, but a fund of a lakh of rupees having been subscribed by the Public of Bombay and mofussil, Mrs. Adams-Wylie endowed the Hospital buildings in Trust, herself guaranteeing in perpetuity a certain annual sum for the upkeep of the Hospital. The Hospital has accommodation for 69 beds, of which about 13 are for the Consumptive Patients who are treated specially in separate ward known as the N. M. Petit Phisis Ward. The other beds are for all diseases divided into Clinical and Surgical Wards and Female Ward. The very poor only of all castes and communities are admitted for treatment. The Hospital has a Dispensary for out-patients endowed by the Trustees of the N. M. Wadia Charities and daily between 9 and 11 A.M. (Sundays inclusive), it is open for the free treatment of out-patients of all communities.

Mrs. Doughty Wylie once again paid a flying visit to the Hospital on the 1st of June 1928 and founded a New Trust whereby she was trying to get the Mill-owners' Association and the Municipal Corporation to agree to appoint a European Trustee and an Indian Trustee respectively from time to time to represent these institutions as Trustees in perpetuity under this trust.

The property which she is putting into Trust for the benefit of the Hospital will consist of:—

(1) Trustee Securities and cash to the value of a lakh of rupees.
(2) A few other Securities.

KING GEORGE V. ANTI-TUBERCULOSIS LEAGUE—Bombay.

The whole of the League, including two dispensaries and one Sanitorium, has been taken over by the Bombay Municipality.

PATRON.—H. I. M. the King-Emperor.

Soon after the Coronation Durbar and the visit to India of their Imperial Majesties the King-Emperor and Queen-Empress, various projects were discussed to commemorate these events in an appropriate memorial. The late Sir Ratan Tata suggested organising a campaign against tuberculosis. With this view, he offered to contribute the munificent sum of Rs. 1,50,000 under certain conditions, and spread over a period of ten years.

A public meeting of the citizens of Bombay was held at the Town Hall on 3rd April 1912; H. E. the Governor presiding, where at the League called "King George V Anti-Tuberculosis League" was inaugurated, as a fitting memento of the Coronation Durbar and the Royal Visit, as also of His Majesty's deep, abiding and sympathetic interest for the welfare of his Indian subjects. A representative general committee was appointed for the purpose and from it a small executive committee was nominated with the late Dr. John A. Turner and Khan Bahadur Dr. N. H. Choksy, as Joint Honorary Secretaries.

Head Office, Dispensary and Information Bureau: Sanitary Institute Building, Princess Street.

Turner Dispensary: Tuberculosis Officer.—Dr. B. S. Kanga, M.D., D.P.H.

Sister-in-charge—Miss F. Spurgion.

Municipal Anti-Tuberculosis, Foras Road Dispensary. Tuberculosis Officer—Dr. F. Concessio.

Nurse.—Miss M. Rajapurkar.

The Executive Committee applied itself firstly to collect funds for the League and secondly to make an early beginning in practical work by establishing a Central Tuberculosis Dispensary and Information Bureau. The Government of Bombay and the Municipal Corporation of Bombay, on being approached for assistance, granted to the League an annual donation of Rs. 10,000 each per year and subsequently increased to Rs. 15,000 and Rs. 20,000 respectively. The conditions under which Sir Ratan Tata's offer was made, were determined to this effect :—That the amount of his contribution for the first year was to be Rs. 15,000 and the same amount during each of the nine years following, provided the total funds of the League inclusive of the Government and Municipal contributions would aggregate Rs. 1,35,000, and on falling that, a sum equal to 10 per cent. of the yearly contributions, but in no case was his total yearly contribution to be less than Rs. 5,000 per year. The Executive Committee thankfully accepted the above proposals.

The League proposes to restrict its efforts to measures for the prevention of tuberculosis, its varied manifestation,and with this view it has devised the following plan of campaign (which is subject to modification as required) as best suited to local conditions and most likely to ensure early and adequate results :—

1. Notification of Disease.
2. Tuberculosis Dispensaries.
3. Education of the People.
4. Medical Inspection of School Children.
5. Supervision of Milk and Food Supplies.
6. Special Fund to relieve distress.
7. To arouse public interest in Tuberculosis

A Sanitorium for the treatment of consumptive patients has been opened at Bhoiwada Hill, Parel. The property of the Sanitorium was acquired from the generous donation of Rs. 2 lakhs given by the Western India Turf Club. The Institution was altered and adapted for the purpose and equipped at the total cost of Rs. 3,26,620-13-0. The Government of Bombay and the Municipal Corporation of Bombay each contributed Rs. 25,000 towards the cost. It was formally opened by Their Excellencies Lord and Lady Willingdon on 7th December 1918.

It has four branches, one of them is in Bombay, the others being at Madras, Allahabad and Nagpur and six centres of work, *viz.*, Dohad in Gujerat, Lucknow in U. Although it takes part in all kinds of public activities, political, economic, educational, social, co-operative, labour, etc., the Branch takes special interests in social work and co-operative and labour movements. G. K. Devadhar is the President of the Girgaon Co-operative Institute, Bombay, Honorary Organizer and General Secretary of the Poona Seva Sadan Society and Provincial Secretary of the National Health and Baby Week Organisation; and in all these capacities he devotes considerable attention to co-operative movement in the Presidency, female education and Baby Week activities. The Poona Seva Sadan Society has been engaged in various useful activities such as primary education classes, training classes, English classes, sewing, weaving, knitting, hosiery and embroidery, singing and harmonium, first aid and home nursing classes. Besides, it arranges for the regular training of nurses and midwives at the Sassoon Hospital, Poona, and maintains three big hostels in Poona for the nurses and women students of the L. C. P. Joshi has been General Secretary of the Social Service League in the organisation of which the branch took a leading part, Joint Secretary of the Bombay Pre-idency Social Reform Association, President of the Bombay Textile Labour Union and Vice-President of a few other Labour Unions in Bombay to the social service and labour work and is greatly responsible for the work. He had been five times to the International Labour Conference as the Workers' Delegate from India. Mr. Joshi has been a Deputy member of the Governing Body of the International Labour Conference since 1925. A good deal of the present day labour legislation in India stands to his credit. He has been appointed a member of the Royal Commission on Indian Labour. He has been appointed a member of the Round Table Conference. Mr. A. V. Thakkar works at Dohad for the uplift of aboriginal tribes in Gujarat. He had organised there a Bhil Seva Mandal, through which he works for the Bhils by starting schools and hostels for their children, opening dispensaries and organising other measures for their ameliorations. The Mandal conducts four boarding schools for primary and English education. Its workers take part in all beneficient works for Bhils, including temperance and co-operative societies' work. Mr. R. R. Bakhale is engaged in labour work in Bombay, particularly the textile labour. He is the General Secretary of the Bombay Textile Labour Union which was organised in January 1926. He was Assistant Secretary of the All-India Trade Union Congress from 1925 to 1929 and Joint Secretary of its Provincial Committee. Now he is the Secretary of Indian Trades Union Federation. He went to Europe in 1928 to attend half a dozen labour and trade union conferences as a representative of Indian labour and studied the labour movement in Great Britain, Germany and Russia. In 1931 he again went to Europe to attend the International Labour Conference as the Indian Worker's delegate. He has been nominated a member of the Bombay Legislative Council to represent labour. Besides these normal activities of its members, the Branch undertakes, from time to time, when occasions arise, relief work in different parts of India for the sufferers from floods, famines and industrial strikes. Last year when large areas in Assam were devasted by unusally heavy floods Mr. Thakkar took a very leading part in collecting relief of the sufferers and organized measurers of relief of a varied kind by touring all over the funds for the flooded areas with the help of local workers. During the prolonged strikes in Bombay some of the members of the Branch interested themselves in the relief of the afflicted.
